	NEPTUNE 2 in 1	.

1 IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND THE COMPANY

Trading name : NEPTUNE 2 in 1
Use : Special multifunction tablet for swimming pools.
Company identification : COMPAGNIE DES SALINS DU MIDI ET DES SALINES DE L'EST
 137 Rue Victor Hugo
 92300 LEVALLOIS PERRET France
 Tel: +33 (0)1 75 61 78 00 Fax: +33 (0)1 42 70 77 39
 Email: aqua@salins.com
Emergency helpline : Orfila (INRS): +33 (0)1 45 42 59 59

2 IDENTIFICATION OF THE DANGERS

EC regulation : The product is not regulated by European Directives 67/548/EEC and 1999/45/EC, their modifications and their annexes.
Identification of the dangers : None
Physico-chemical dangers : None
Adverse effects on health : Possible slight irritation after prolonged contact with the tablet due to sodium chloride, the main component of the tablet.
Danger for the environment : No known effects

3 COMPOSITION/INFORMATION ON THE COMPONENTS

Substance/Preparation : Tablet consisting of sodium chloride with additives.
Components : No hazardous component present above the declarable concentration threshold

4 FIRST AID

First aid
- Inhalation : Inhalation is not a relevant means of exposure to the product given its physical state.
- Contact with the skin : Wash with plenty of water.
 Consult a doctor if irritation appears.
- Contact with the eyes : Rinse immediately with plenty of water.
 Consult an ophthalmologist if irritation appears.
- Ingestion : If the person is conscious, rinse out their mouth with water. Never try to make them vomit except on medical advice.
 Consult a doctor or go to hospital if a large amount has been ingested.

5 FIRE-FIGHTING MEASURES

Extinguishing methods
Appropriate extinguishing substances : Any extinguishing substance can be used if a fire breaks out in the vicinity.
Hazardous combustion products : When exposed to high temperatures, the preparation can give off hazardous decomposition products such as carbon monoxide and dioxide, smoke, nitrous oxide
Special protective equipment for firemen : Respiratory protective equipment appropriate to the location and the risks relating to products in the vicinity.

- Individual protection**
- **Respiratory protection** : No respiratory protection equipment is required in the normal anticipated conditions of use.
 - **Protection of the hands** : None in normal conditions of use.
 Gloves should be worn if there is prolonged contact with the skin.
 - **Protection of the eyes** : None in normal conditions of use.
- Industrial hygiene** : Wash hands after working with the product.

9 PHYSICAL AND CHEMICAL PROPERTIES

- General information:**
- Physical state at 20°C** : Solid tablet
- Colour** : White
- Smell** : Odourless
- Information concerning health, safety and the environment**
- Flashpoint [°C]** : Not applicable
- Density** : Approx. 2.1
- Solubility in water** : 358 g in a litre of water

10 STABILITY AND REACTIVITY

- Stability and reactivity** : Stable in the storage conditions recommended in section 7.
- Conditions to be avoided** : See section 7.
- Substances to be avoided** : Strong oxidising agents.
- Hazardous decomposition products** : In the event of fire: see section 5.

11 TOXICOLOGY INFORMATION

- Acute toxicity** : No known toxicity

	NEPTUNE 2 in 1	.

11 TOXICOLOGY INFORMATION (continued)

- Chronic toxicity** : No chronic potential effect on health needs to be taken into account.
Toxicology information : Possible slight irritation after prolonged contact with the tablet due to sodium chloride, the main component of the tablet.

12 ECOLOGICAL INFORMATION

- Biodegradability** : No data available.
Ecotoxic effects : Ecotoxicity need not be feared given the low toxicity of the tablet components and their concentration.
About the product : Avoid discharging into watercourses, drains or onto the ground.

13 CONSIDERATIONS RELATING TO DISPOSAL

- General** : Dispose of in accordance with the local/national safety regulations in force.
Disposal of product waste : Unused leftover product should be deemed to be non-hazardous waste. It should be disposed of in accordance with the local safety regulations in force.

14 INFORMATION RELATING TO TRANSPORT

- General information** : The product is not subject to specific transport requirements: - By road RID/ADR
 - By sea OMI/IMDG - By air OACI/IATA

15 STATUTORY INFORMATION

- CE labelling** : The product is not subject to labelling regulations in accordance with European Directives 67/548/EEC and 1999/45/EC, their modifications and their annexes.
Symbol(s) : None.
R-Phrase : None.
S-Phrase : None.

16 OTHER INFORMATION

- Source of data used** : This safety data sheet has been drawn up on the basis of the information supplied by the manufacturer.

The content and format of this Safety Data Sheet comply with Regulation EC 1907/2006.

DISCLAIMER

This data sheet complements the technical user manual but does not replace it. The information stated above is based on our current state of knowledge and experience relating to the product concerned at the date of updating. It is provided in good faith. Users' attention is drawn to the possible risks of using this product for other purposes than those for which it was designed. Under no circumstances does this data sheet relieve the user of responsibility for being familiar with and applying all the texts regulating its activity.
